Comprehensive Visual Change Log
January
Jan-Apr Rev. 1 2020
Disclaimer

Content is from an AHLTA Training System (ATS). It does not contain patient data.

The next scheduled update for TSWF materials occurs May 2020.

Current references and resources can be found at tswf-mhs.com.
Introduction

This slide deck includes screenshots of the latest TSWF AIM form changes.

- Follow the hyperlinks* from the Table of Contents to jump to both CORE-Compatible and Specialty forms.
- Use the link in the bottom left corner to return to the Table of Contents

*In Ppt format, hyperlinks will only work when slides are viewed in presentation mode
Rev. 1 change for Peds 0-23 mo and OB

EPDS Updates:
- Removed total score of EPDS
- Yes or No radio buttons are available to be selected if the mother declined screening
- Yes or No radio buttons for ‘Total EPDS score greater than 10’
- Yes or No radio buttons for ‘Concern regarding question 10?’
# Table of Contents

<td>Obstetrics (OB)</td>
<td></td>
</tr>
</tbody>
</table>
CORE-Compatible AIM Forms
The entire line of ‘Acute/Chronic/Patient follow up’ check boxes on the DVPRS now are located below the Functional Impact questions.
Added 'Samples taken: HPV, GC/Chlamydia' in the Physical Exam Findings section
Updated title of ‘Chronic Condition Self-Care Management’ to ‘Chronic Condition Self-Care Management and Goals’. And added ‘Patient-oriented Self-management Plan/Goals Date: Description: Progress:’ to free text field.
Pain Mgmt Updates

Added ‘Patient currently taking opioid medication’ check box under ‘Chief Complaint’
Pain Mgmt Updates

Added clinical clue after 'DVPRS PAIN REASSESSMENT' that says 'For documentation after patient given pain intervention in clinic'

Return to Table of contents

Jan-Apr 2020
Next update May 2020

"Medically Ready Force...Ready Medical Force"
Pain Mgmt Updates

Removed Pain Treatment History free text elements and created individual radio buttons for pain treatment history.
Pain Mgmt Updates

The DIRE/RIOSORD/ORT screeners are now three separate ribbons

All three screeners now auto-calculate

“Medically Ready Force...Ready Medical Force”
The wording on the domestic violence question has been updated: 'Parent' is now 'Caregiver' so the question changed from ‘Is the patient or parent currently...’ to ‘Has the patient or caregiver ever been...’.
Peds Updates
Includes Peds 7-18 and Peds Nursing (Not on Peds 0-23mo or 2-6yr)

PHQ-9A now auto calculates

Note the clinical clue: ‘If you use the All Normal button you must manually enter a score of ‘0’. Do not change the score once it has been auto-calculated. Doing so causes unexpected results.’
Updated clinical clue wording
'Remember to add yourself as a paraprofessional or nurse in the A/P module, then document all medications and procedures!' at the top of the Meds and Procedures tabs.
Removed the ‘Throat Culture’, ‘AF Throat Culture AF SSP’, ’Cento Scoring Criteria’ and the ICD-10, CPT, and E&M code clinical clues from the ‘Respiratory’ ribbon and added a link to the ‘DHA CSSP Sore Throat AIM form’.

Further training on the DHA CSSP forms can be found within the ‘DHA CSSP’ specific training slides which will be released with all other training materials on Dec 24th 2019 on our website TSWF-MHS.com
Removed the ‘Pregnancy Test’ and ‘Urinary Tract Infection/Dysuria’ ribbons and added links to ‘DHA CSSP Pregnancy Test AIM form’ and link to ‘DHA CSSP Dysuria AIM Form’.

Further training on the DHA CSSP forms can be found within the ‘DHA CSSP’ specific training slides which will be released with all other training materials on Dec 24th 2019 on our website TSWF-MHS.com

"Medically Ready Force...Ready Medical Force"
Peds Nursing and Nursing Services Updates

Removed Patient Ed 2 tab completely including ‘Pregnancy test’ and ‘UTI’ ribbons. ’Pt Education 1’ tab changed to 'Patient Education' and ‘STI’ ribbon has moved to this tab.
Procedures Updates

Changed part of the wording in the Cryotherapy free text box from
‘Freeze thaw freeze technique was performed with complete
thawing of 2-3 minutes between cycles.’
to
‘Freeze thaw freeze technique was performed with complete
thawing between cycles.’
Specialty Form Updates

Specialty AIM Forms

“Medically Ready Force...Ready Medical Force”
Changed all instances of 'IBHC' to 'BHC' within the form. Name of form on enterprise will remain IBHC.
BHC Updates

Changed name of tab from ‘ROS/MSE’ to ‘ROS/PE/MSE’

“Medically Ready Force...Ready Medical Force”
BHC Updates

The order of problem tabs is now alphabetized

SWF Behavioral Health Clinic AIM Form - Adjustment/Stress
For Adjustment/Stress, also document the following:
Psychosocial factors, consider the following:
Relationship, work, financial or legal problems. Also consider loss, deployment, or separation from family.
BHC Updates

HPI sections are no longer within ribbons and are permanently open. Also, ‘Functional impact’ fields were added to each problem tab. (excludes the ‘Sleep’ tab)
BHC Updates

Added a tab labeled ‘Attention’, which includes areas to document HPI, Attention follow-up, Intervention and Attention recommendations.
Added note buttons to document further information for ‘Nature of sleep problem’ items

If patient’s clinical characteristics and symptoms suggest potential sleep apnea (e.g., snoring, waking with headache, gasping for breath at night, tiredness despite feeling that they slept at night, obesity, male gender), alert the PCM that the patient is reporting symptoms suggestive of sleep apnea.
BHC Updates

Separated ‘Sleep Apnea screening’ terms from ‘Sleep Habits’ terms

“Medically Ready Force...Ready Medical Force”
BHC Updates

Added additional Sleep HPI text box

“Medically Ready Force...Ready Medical Force”
BH Specialty Updates

Added AIMS (Abnormal Involuntary Movement Scale) on the ‘Measures’ tab
Added section in ‘Antepartum Surveillance’ field to document ‘Amniotic Fluid Index Measurements’ with Amniotic Fluid Index clinical clues to the right.
Add links to DHA CSSP forms under ‘Miscellaneous/Other Forms’ column
Case Mgmt Peds Updates

Added 'Total number of minutes per episode of care' field. This will synchronize the field in Peds CM to match the adult CM form.
